PRACTICAL MANUAL IN BOTANY

2015. Hardcover. Condition: New. 115 About the book:- Botany is the study of plants, and they provide an essential foundation for life on earth, the food we eat and the beauty of the natural environment. Botany as a result is considered to be an extremely important science! Botany is no longer confined to the study of how and why plants survive in the way they do. With the advancement of technology, the study of botany means the study of how plants are...
